

Sorting Guide for Hazardous Waste

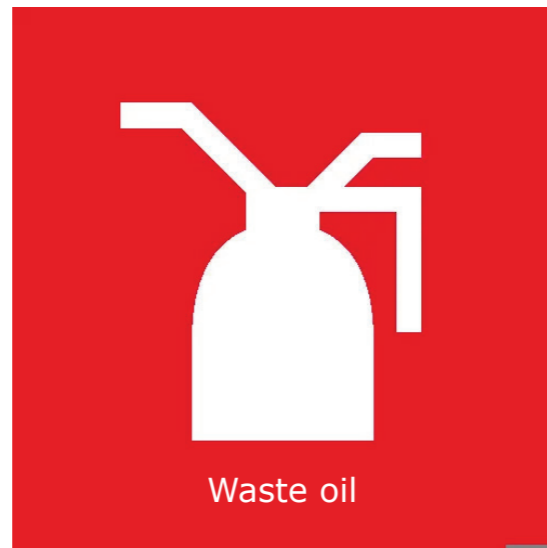

Waste oil, refundable

NS: 7011

YES: Reimbursable waste oil.

NO: PCB-containing oils, chlorinated oil, fuel residues, fuel mixtures and oils for which lubricating oil duty has not been paid

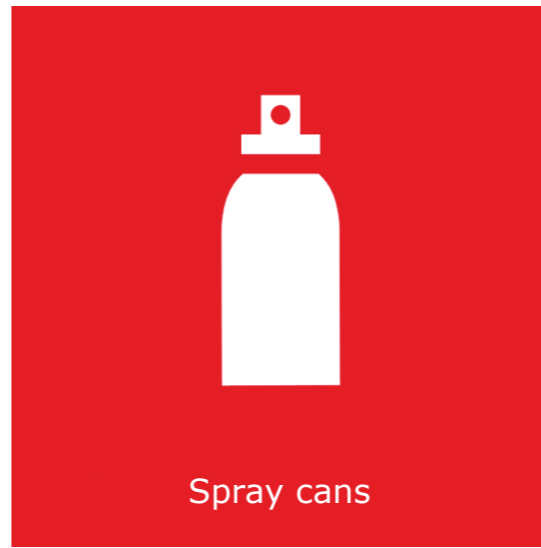

Waste oil

NS: 7012

YES: Oils contaminated with fuel or water. Oils for which lubricating oil duty has not been paid.

NO: PCB-containing oils. Other types of waste.

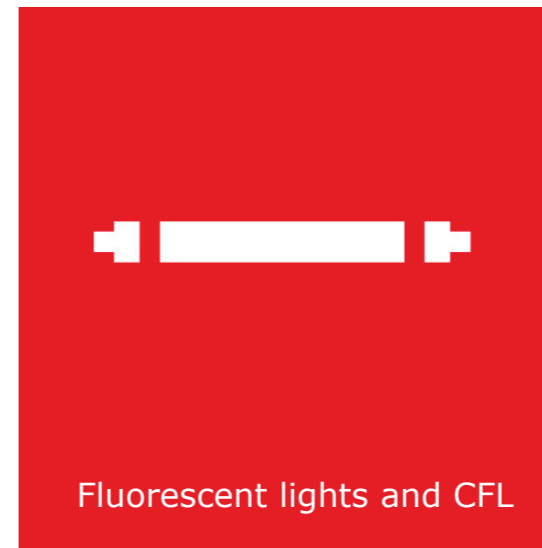

Spray cans

NS: 7055

YES: All types of spray cans. Aerosols.

NO: Countermeasures (for example radar), construction joint foam, isocyanates and other types of hazardous waste.

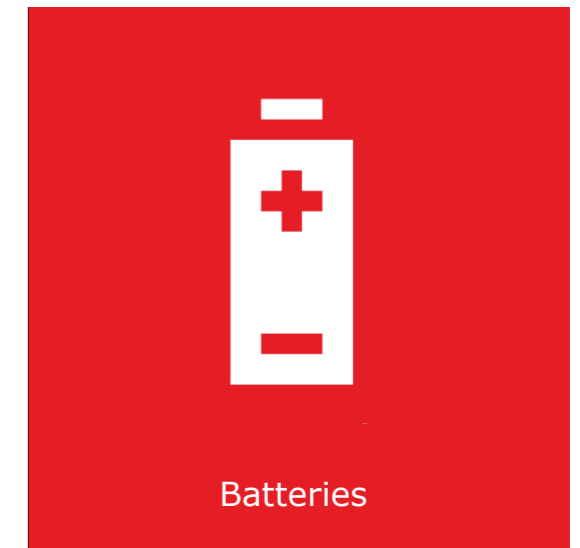

Fluorescent lights and CFL

NS: 7086

YES: All types of fluorescent tube and energy saving bulbs. With separate or built-in teeth. Filled with mercury gas.

NO: Other light bulbs, electronic and electrical waste, wires and cables, batteries, fuses and luminaires.

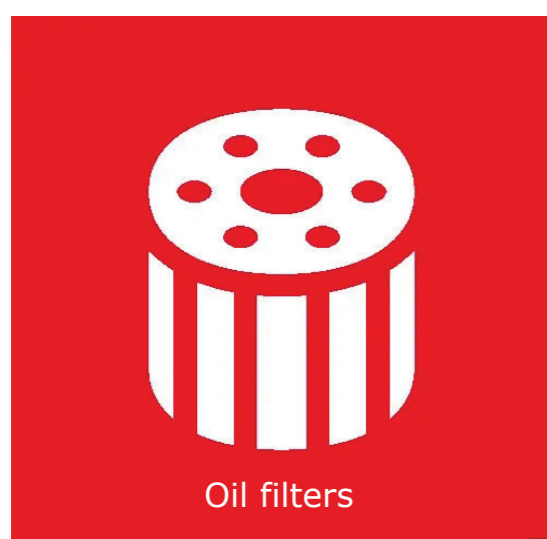

Batteries

NS: 7082, 7084, 7093, 7094

YES: Unsorted battery. Put tape on the poles.

NO: Batteries from tools and similar, lead batteries (car batteries), emergency batteries, industrial batteries, cadmium-containing batteries, mercury-containing batteries and lithium batteries.

Oil filters

NS: 7024

YES: Oil filters with metal.

NO: Insert filters, filters made of cardboard and filter types with a different type of packaging around them than metal.

Other hazardous waste types.

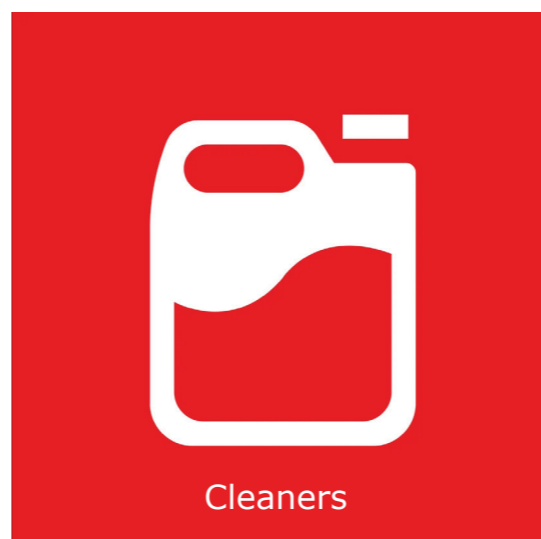

Oil contaminated pulp

NS: 7022

YES: Wet, dripping rags contaminated with oil, Absorbents contaminated with oil, Cardboard oil filters without filter housing (input filters).

NO: Petrol and diesel filters, oil filters with metal, parts of metal, oil-contaminated soil and rock, filler inserted with other dangerous substances and other hazardous waste types.

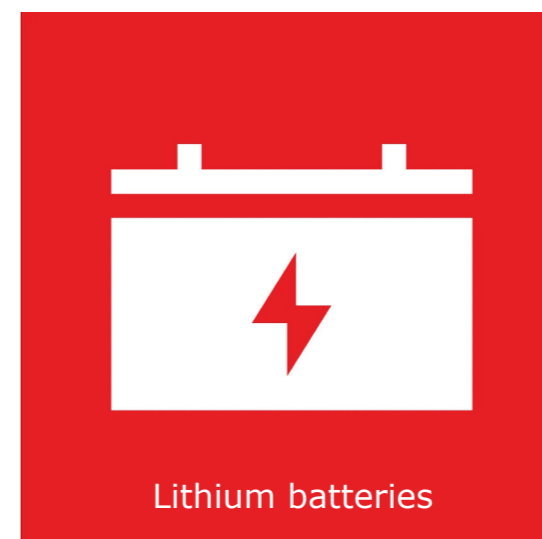

Cleaners

NS: 7133

YES: Cleaning agents, soap and disinfectants.

NO: Other types of hazardous waste.

Lithium batteries

NS: 7094

YES: Lithium batteries for single use (primary batteries).

NO: Rechargeable lithium batteries, lead batteries (car batteries), industrial batteries, nickel- and cadmium-containing batteries, mercury-containing batteries. All other types of batteries.

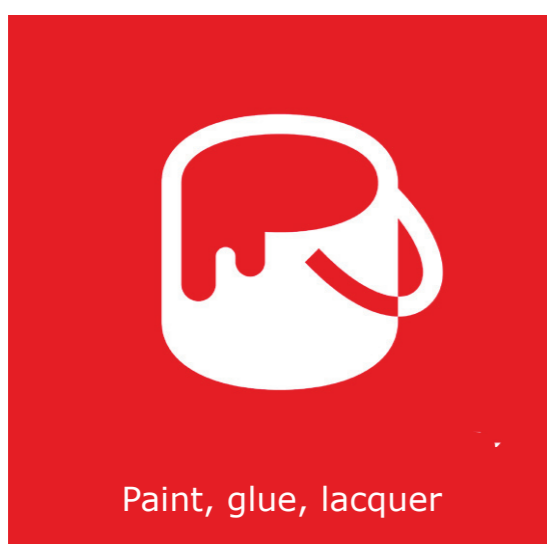

Sandblasting waste

NS: 7096

YES: Sand from sandblasting that contains hazardous substances.

NO: Other types of waste.

Paint, glue, lacquer

NS: 7051

YES: Paint, glue, varnish, silicone, acrylic, sealant and printing ink.

NO: Joint adhesive and joint foam containing isocyanates. Other types of hazardous waste.

Organic waste with halogen

NS: 7151

YES: Organic waste with halogen.

NO: Organic waste without halogen. All other types of waste.

Organic waste without halogen

NS: 7152

YES: Organic waste without halogen.

NO: Organic waste with halogen. All other types of waste.

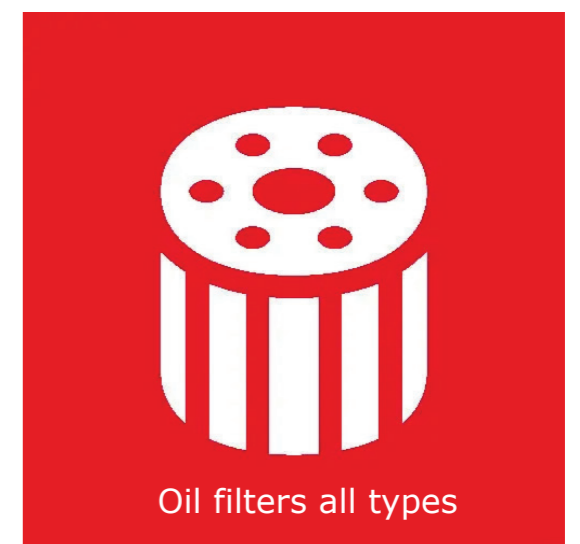

Anti-frost solvents

NS: 7042

YES: Used antifreezes and coolants.

NO: Other solvents.

Oil filters all types

NS: 7024

YES: Cardboard oil filters (insert filters), oil filters with metal and other types of oil filters.

NO: Petrol and diesel filters and other hazardous waste types.
